Mr. C. E. Hemingway,
#45 W. College St.,
Oberlin, O.

Dear Sir,-

Replying to your letter of Sept. 28th to Mr. Wilber regarding request of Oberlin College Students to use hand car on our track in going to or returning from Sunday School by way of quarry track: Having had several instances recently in the use of hand cars, not only with our own men, who are familiar with our rules and regulations, but with outside parties, where results have been serious, I cannot consistently comply with their request.

Yours truly,

W. H. Canniff

Gen'l. Sup't.
